Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 01 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fine, clear evening. Low cloud and fog spreading inland overnight.

This Evening and Tonight:
Fine, with largely unbroken evening sunshine for most, and clear skies following overnight. Areas of sea fret persisting along parts of the coast, however, with low cloud and patchy fog spreading further inland through the early hours. Minimum temperature 7 deg C (45 deg F).

Wednesday:
A dry and sunny morning once any fog and low cloud clears. Staying sunny and warm into the afternoon, but a little cooler and breezier on the coast. Maximum temperature 22 deg C (72 deg F).

Outlook for Thursday to Saturday:
Weakening band of showers pushing northeastwards Thursday. Early showers possible Friday, then mainly dry. Largely fine Saturday, with sunny spells, but cloudier in the east with coastal mist and fog.
